CHAPTER 1

GENERAL

IIMA- BRIEF NOTE

Indian Institute of Management, Ahmedabad [IIMA], was set up by the Government of India in collaboration with the Government of Gujarat and local industrialists as an autonomous Institute in 1961. IIMA has been conceived not only as a business school but also as a management institute. IIMA builds on over five decades of excellence and leadership in management education.

IIMA has been rated as India's best and Asia's foremost Business School. IIMA continues to be ranked as one of the finest institutions in the world in management education, with an academic rigour that matches the top league. With a distinguished faculty, an exceptional student-faculty ratio, and a 100-acre world-class campus conducive to continuous learning, IIMA is an Institute that sets international standards in the field of management education.

IIMA, is a pioneer of the case study approach to management education in India, the result of its early collaboration with Harvard Business School. A student-centred methodology entails working in groups and encourages intense participation, as students learn to present their perspectives, defend their stand, and think through management problems.

The Institute stands for excellence in management education. Since its inception, IIMA has contributed to the development of management thought in India through its research and teaching. In 2008, IIMA became the first management school in the country to be awarded EQUIS (European Quality Improvement System) accreditation by the EFMD (European Foundation for Management Development).

The Institute conducts the following major programmes:

1. Two-year Post Graduate Programme in Management (MBA).
2. Two-year Post Graduate Programme in Food and Agri-business Management (MBA - FABM).
3. Doctoral Programme in Management.
4. One-year Post Graduate Programme in Management for Executives (MBA - PGPX).
5. Faculty Development Programme for Teachers in Universities and Colleges (FDP).
6. Armed Forces Programme for Officers for Indian Armed Forces (AFP).
7. Two year Blended Post Graduate Programme.
8. Sixteen months ePost Graduate Diploma in Advanced Business Analytics (ePGD - ABA)

9. One year MBA in Dubai
10. Executive Education Programme - India
11. Executive Education Programme - Dubai

At IIMA, it is a tradition to continually update the course content, revise the course design, and experiment with innovative pedagogy. The faculty at IIMA continuously attempt to integrate research, teaching and applied work. Pedagogical tools create a participative learning environment. While the case method is the major tool, it is supplemented by group exercises, computer-based simulation games, lecture-cum-discussions, role plays, project works and presentations by participants.

THE YEARS OF TRANSFORMATION

1960s - THE DECADE OF BIRTH

IIMA rises beyond the acquisition of knowledge, techniques, tools, and concepts that are not ends in themselves.

- Focus on social purpose while pursuing excellence in management
- Integration of key activities like teaching, research, and consultancy
- Introduction of the 3-Tier Management Development Programme

1970s- THE DECADE OF GROWTH

The Institute gains broader recognition.

- Overall growth in all activities
- Increase in the faculty strength to 65
- Increase in the number of participants in the Post-Graduate Programme
- Launch of the Fellowship (Doctoral) Programme in Management
- Introduction of new Management Development Programmes

1980s - THE DECADE OF DIVERSIFICATION

Recognised as the premier management school throughout the country, the Institute expands its range and reach.

- Greater focus on under-managed sectors
- Formation of three new groups: The Industrial Policy Management Group, The International Management Group, and The Entrepreneurship Group
- Introduction of Faculty Development Programme

1990s - THE DECADE OF CONSOLIDATION

Taking into account the substantial growth of the previous decades, the Institute focuses on consolidating its activities and position.

- Substantial growth in the IT infrastructure of the Institute with a campus-wide intranet and leased line access to the Internet
- Recognition as one of the top five business schools in the Asia Pacific region
- Exchange of students with reputable business schools abroad

2000 - THE DECADE OF INTERNATIONALISATION

Internationalisation and growth are the keywords of the Institute during this decade.

- Exchange of faculty with international business schools
- Further, an increase in student intake with an emphasis on admitting full-time international students
- Expansion of the campus to accommodate the Institute's international executive development programmes

2010 - THE DECADE OF DIGITIZATION

From the world of brick and mortar, the Institute has moved to the digital platform.

- Starting a new era of e-learning through ePGP course
- Giving more flexibility to students to attend classes from any of the major cities of India.
- It's a new-age learning experience where knowledge empowered by technology.
- Phase wise implementation of SAP in various departments of the Institute.

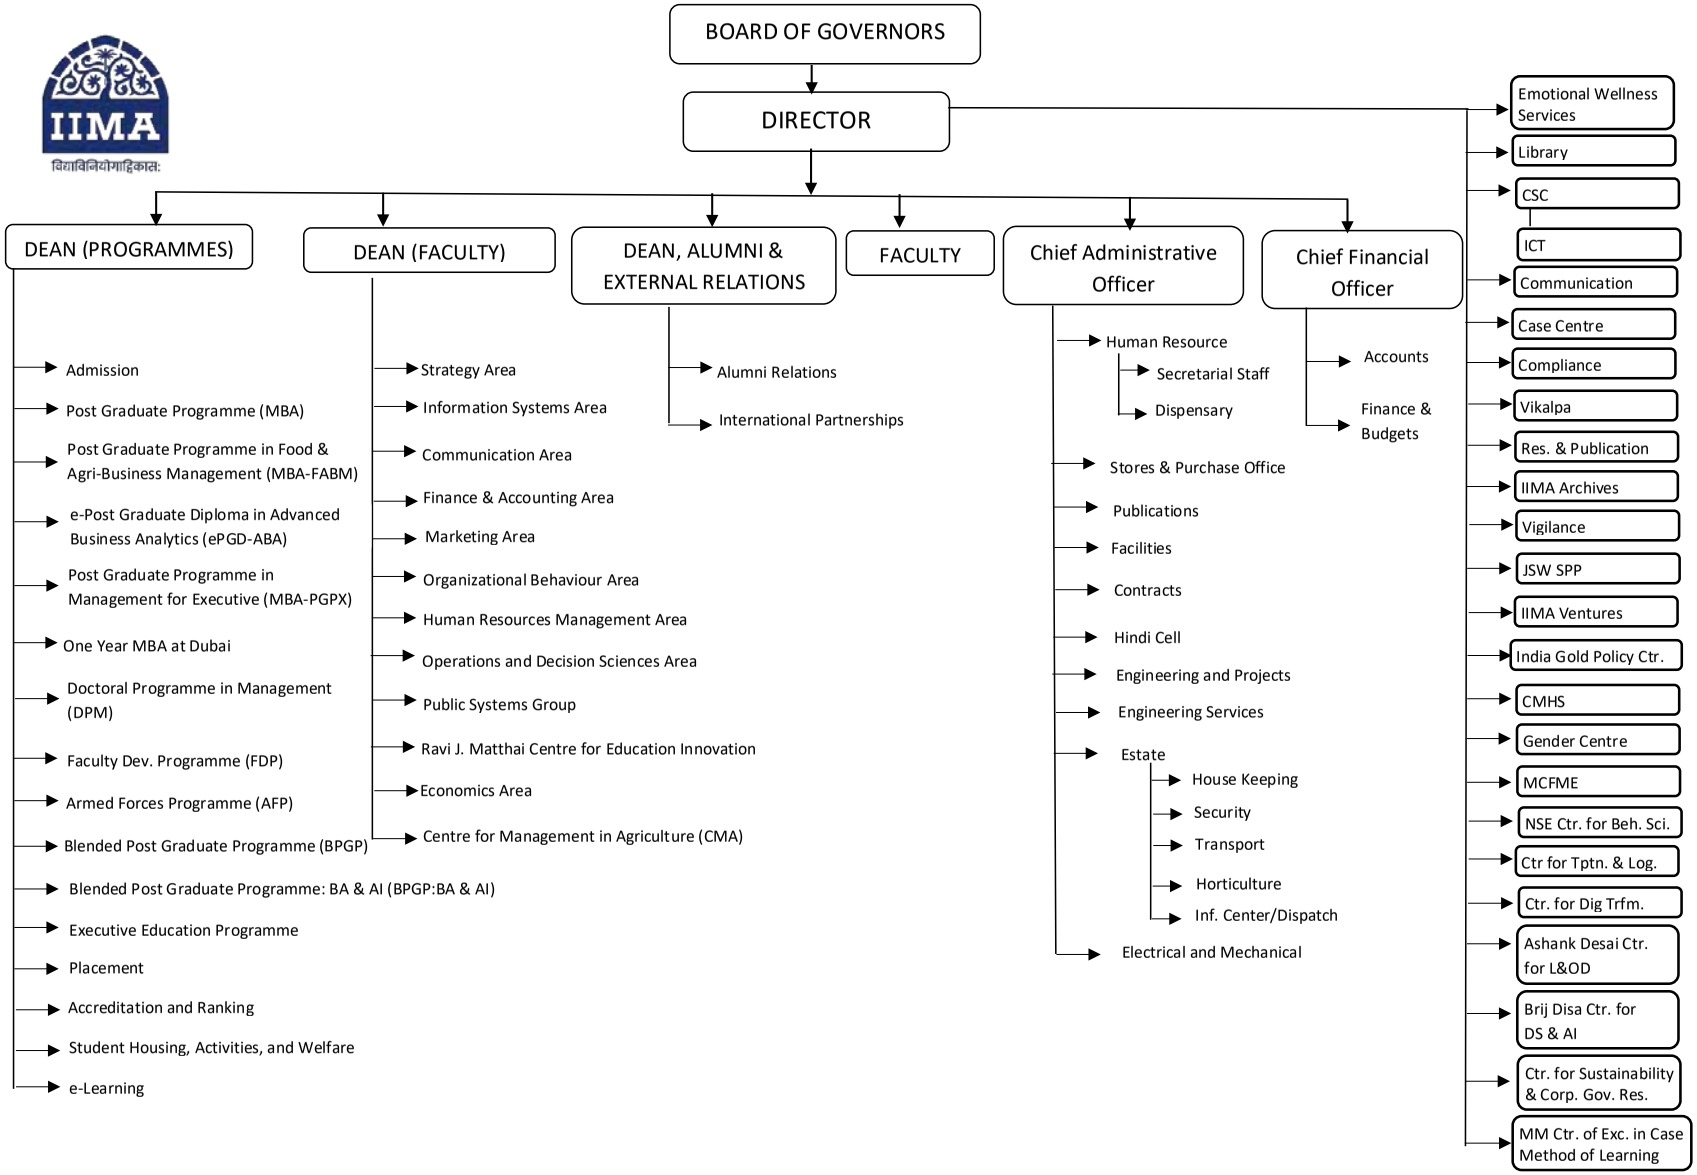

THE IIM ACT, 2017, IIM RULES, 2018, IIM (AMENDMENT) RULES, 2022, IIM (AMENDMENT) ACT, 2023 AND IIMA REGULATIONS

The IIM Act, 2017 has declared all the IIMs to be institutions of national importance and empowered them to attain standards of global excellence in management, management research and allied areas of knowledge. The Act has specifically descried the various authorities of the Institute, their powers, its constitution, tenure of the members etc.

The IIM Act, 2017, IIM Rules, 2018, IIM Rules (Amendment), 2022 and IIM (Amendment) Act 2023 describes the appointment process, terms and conditions of the Chairperson, the members of the board and the Director.

The IIM Act, 2017, IIM Rules, 2018, IIM Rules (Amendment), 2022, IIM (Amendment) Act 2023 and IIMA Regulations can be accessed on the IIMA Website.

The governing structure of IIMA is presented in a tabular format below.
